

Want To Study Chiropractic? Apply For The Bachelor Of Chiropractic

It's simple and easy to apply...

Start your application by contacting the ACC Admissions team and request an application form. Applications are open year-round!

What are the entry requirements?

Prospective students will need to complete a full year in base sciences as these units are a mandatory requirement for admission to ACC.

- Anatomy and Physiology
- Biological Chemistry
- Microbiology
- Biophysics
- Elective

Where can I study the pre-requisites?

There are two main options that offer the greatest flexibility and ease of transition into ACC:

Straighterline.com – is an accredited provider of many of ACC's pre-requisites and offers online, self-paced courses. You can enrol independently and complete all the required courses in your own time.

Charles Darwin University Diploma of Health Science – is offered online or internally at CDU, Casuarina Campus, Darwin. Students must complete one year of this with a successful pass rate minimum of 50% and good academic standing within each subject to be eligible to study Bachelor of Chiropractic at ACC.

If you have any questions, contact the ACC Admissions team and they can help you plan your journey.
