About the Australian Chiropractic College

Our Aim

To establish a confident, unique Australian private college that revives traditional Chiropractic practice blended with contemporary research and innovative education.

Our Values

Excellence

We are committed to quality engagement, the mastery of skills, and development of talent.

Fellowship

We learn and grow with each other, always collaborating to achieve each person's potential.

Strength

We are tenacious and absolutely committed to championing our Chiropractic heritage.

What's so Special about Australian Chiropractic College?

We're about people, not numbers.

Small class sizes offer our students greater engagement with our academics, experts, and each other – with lots of opportunities for hands-on learning.

Our program has a strong focus on industry experience plus we teach you all the skills you need to run your own practice and enjoy a flexible career with independence and impact.

At the Australian Chiropractic College, you are part of our dynamic tribe from day one.

What we offer

- TEQSA approved Bachelor of Chiropractic degree
- Four (4) years full time study
- Boutique campus experience in the heart of Adelaide's CBD
- Small class sizes, one-on-one attention from expert academic and practitioner instructors
- Hands on, integrated curriculum – science, philosophy, practice, theory and business management
- Professional network development
- January and mid-year intakes available

"The ACC program is unique in Australia...It's designed to blend and integrate basic sciences (in particular the neurosciences), with the traditional concepts of chiropractic philosophy using a vitalistic mode of delivery. The human body is an integrated system and we mirror this in our curriculum".

Professor Sharyn Eaton. OAM, Ph.D, D.C
Former Academic Dean ACC

"I have learned more in the first couple of weeks at the ACC than I could have imagined. The ACC is the challenge that I was looking for in my studies. The support of the teachers and small class size has made for a really great culture at the College. So glad I made the move to ACC!"

Beth Scutt, ACC student, 2020

Interested in studying with us?

We prefer to customise our assistance for each person. Contact one of our helpful staff to discuss your needs and answer your questions.

Contact us at admin@acc.sa.edu.au or call +61 8 7082 1500 to speak to someone directly.

Visit our website acc.sa.edu.au

Do I need any prior knowledge?

If you're in Years 11 or 12

We recommend the following, non-mandatory subjects as a way of preparing for your studies at ACC:

Chemistry

Physics

Biology

Physical Education

Prerequisite Year:

To gain entry to ACC, you must first complete one year of health science study at AQF Level 5 or higher. If you have completed a tertiary health sciences or related degree, you may already have the pre-requisites covered.

Pathways to ACC

The Charles Darwin University (CDU) Diploma of Health Sciences (Chiropractic stream) is a 1-year pathway program that covers all pre-requisite subjects for ACC. We support all of our applicants undertaking this program with study sessions and academic support.

Talk to us about other fully flexible options.

For Chiropractors - Help us to Ensure the Future of Chiropractic

Recruit

Many of our students come to us through referrals from chiropractors. If you are a chiropractor, you can support the future of chiropractic by referring potential students to ACC.

We can send you posters for your practice and run information sessions at your practice or online - anywhere in Australia or overseas.

Donate

We are a registered charity and rely principally on donations. You can make either one-off or recurring contributions to ACC.

Sign up at <https://acc.sa.edu.au/donate-now/>
Donations over \$2.00 may be tax deductible.
