

ADMISSIONS REQUIREMENTS (Bachelor of Chiropractic) Statement

DEFINITIONS

Terms in this document, for which definitions are not provided in the text or may not be self-evident or for which usage at the College may differ to that in other higher education institutions are as follows:

Admission: The process by which a prospective student is assessed to determine the extent to which their qualifications comply with those required to commence studies in the College Chiropractic degree program.

Australian Tertiary Admission Rank (ATAR): An ATAR is a rank given to secondary school students on a range from 0 to 99.95. The ATAR shows how you performed in your studies compared to other students completing an Australian Year 12 program, see <https://www.satac.edu.au/atar>

Selection: The process used by the College to determine which applicants of those eligible for entry into the Chiropractic degree program will be offered a place and be permitted to enrol.

Special Tertiary Admissions Test (STAT): STAT is an aptitude test that evaluates verbal and quantitative reasoning, see <https://stat.acer.org.au>

PURPOSE

The purpose of this statement is to provide prospective students with information about the College's requirements for admission into its Bachelor of Chiropractic program. It reflects the standards of the College Academic Board and the undertakings of the College in implementing its Quality Assurance Framework.

SCOPE

This statement applies to all applicants for admission to the Bachelor of Chiropractic offered by the College.

ADMISSIONS REQUIREMENTS

The admissions requirements aim to ensure that College applications for admission are managed in a fair, transparent, and consistent manner. These requirements will be adhered to in assessing and making offers of admission to ensure rigorous assessment of applicant eligibility for admission and effective and efficient enrolment processes, all of which uphold the brand promise of the College. The selection process is a competitive one which takes into account the availability of places as well as merit and likelihood of success.

Australian chiropractors are five-year university trained. The College satisfies this requirement with a four-year Bachelor of Chiropractic Degree with one year of pre-requisite study.

Application pathways

Admission through the any one of the following application pathways is available:

- Recent secondary study – a Year 12 qualification gained in the past two years with achievement of an ATAR 80 or higher. Students will be considered for entry with achievement of an ATAR of 65 subject to agreeing to an Academic Support Agreement; or
- Post-secondary study – satisfactory completion of at least 1 EFTSL (Equivalent Full Time Student Load) of an Australian Qualifications Framework (AQF) level 5 or 0.5 EFTSL of an AQF level 6 Australian higher education study or equivalent. Where the post-secondary study meets assumed knowledge, prerequisite and/or credit transfer requirements, credit equivalence is recognised.; or
- Vocational Education and Training (VET) Study – satisfactory completion of a VET qualification at Certificate IV or higher from a Registered Training Organisation; or
- Special Tertiary Admissions Test (STAT) – achieved a STAT score of at least 140 in the written English section and 155 in the multiple choice section; or
- Work and life experience – demonstrate readiness for higher education studies through a resume which shows at least three years of professional experience related to Chiropractic, a 500 word personal statement, a supporting statement on company letterhead from your employer (or a trader with your business if you are the CEO) and at least two relevant written references; or
- International academic equivalence as determined by reference to the National Office for Overseas Skills Recognition (NOOSR) database. Should a qualification not be able to be verified by NOOSR, the College will endeavour to seek other means of verification.

The following applicants are able to contact the College to discuss special entry admission if:

- Aboriginal or Torres Straights Islander.
- Applicants where their study, work or life experiences have been impacted by disability, illness, family disruption, or other source of disadvantage.

Prerequisites

- Admission into full time study for the Bachelor of Chiropractic program requires successful completion of the College Level 1 program of study or completion of the following specified and elective pre-requisite units, or units assessed by the College as equivalent with selected providers or their equivalent at no less than AQF Level 5 at a registered higher education provider:

General description	Credits	EFTSL	ACC Level 1 program of study	EFTSL
Anatomy and Physiology	30	0.250	Human Body Systems 1 Human Body Systems 2	0.12 0.125
Biochemistry	15	0.125	Introduction to Human Movement Life Sciences 1 Life Sciences 2	0.125
Microbiology	15	0.125		0.125
Biophysics	15	0.125		0.125
Electives (x3)	45	0.375	Research & Study Skills Social Studies of Health Australian Healthcare System	0.125 0.125 0.125
	120	1.0		1.0

- Admission into part time study for the Bachelor of Chiropractic program has no pre-requisite subjects. The College offers a pathway whereby you concurrently study the Bachelor of Chiropractic program half time at the College and study the pre-requisites half time concurrently over two years.

Other requirements

- Inherent Requirements
- Clinical placements are part of the program and students must meet any requirements set by the placement organisation such as:
 - Immunisation and vaccination
 - Working with children check
 - Working with vulnerable persons check
 - Police record check
- A first aid certificate prior to undertaking a clinical placement.
- English language proficiency as shown by:
 - English as first language;
 - Overseas entrance qualification from a country where the main language is English and the main language of instruction and assessment for that qualification was English;
 - An Australian University entrance qualification; or
 - Evidence to the College of an IELTS outcome of 7.0 or equivalent.

IMPLEMENTATION and MONITORING

The General Manager is responsible for selecting applicants who are to be offered a place in a program.

The Academic Board and its subcommittees are responsible for benchmarking The College's admission policies with other relevant higher education providers and providing to the Board of Directors reports and recommendations on standards and processes applicable to the College.

REVIEW

This *Admissions Requirements Statement* is normally reviewed every three years. It is a policy of the College that any Policy or Procedure may be reviewed earlier as indicated by internal or external factors (including but not limited to such factors as changes in the guidelines of regulatory authorities, accreditation/registration requirements of the profession, or relevant legislation at state or federal level) as determined by the Board of Directors and/or Academic Board.
